

# CAMP WOW MEDIA & SOUND SPECS

Please pass along this spec sheet to your AV crew. Unless requested, Camp WOW's mixer and sound equipment will be removed and stored during your time at camp. If your AV crew plans to use our system or equipment, we need to know in advance.

---

## Worship Center

### Audio/Sound

1. Allen & Heath GL2400-32 Mixer
2. Mains: 3 JBL AM4215/95
3. Subs: 2 MRX528S
4. Monitors: 4 JBL MP415
5. 1 Sennheiser EW112-G2 Wireless Lavalier w/Countryman Ear set mic
6. 1 Audio-Technica ATW-3212/C710DE2 Wireless Handheld Mic
7. Also included are necessary cables, 5-SM57 mics, 5-SM58 mics, 10 mic stands, direct boxes, etc.

**In 2019, the addition of a multi-pin audio disconnect was added. This allows groups to bring in their own mixing console, if desired and tie directly into Camp WOW's audio system. The disconnect provides 24 audio channels from the stage, and 8 audio returns to the stage.**

**\*Disconnect Penalty:** If you or any party of your organization disconnects the multi-pin audio disconnect or any cables from back of our sound board/mixer without prior consent or instruction from Camp WOW Management, the organization will be charged a **\$500 Disconnect Penalty**. This penalty is for the care and longevity of Camp WOW's equipment.

### Video

1. 2 Screens (sides of stage) 10' (width) x 7' (height)
2. 2 NEC NP-P525WL Projectors (Rear Projection)
3. Kramer VP719xl 1x7 Seamless Scaler Switcher
4. iMac Desktop Computer with ProPresenter 6
5. HDMI input for personal laptop or computer (if any certain adapter is needed, must be brought by organization)

\*The Worship center will have no supplemental lighting, but will have a 200Amp disconnect available for any additional lighting brought by each group.

## Cafeteria

### Audio/Sound

1. Allen & Heath GL2400-24 Mixer
2. Mains: 2 Yamaha, 2 DBL 15"
3. Subs: 2 Yamaha 18"
4. Monitors: 4 Yamaha 18"
5. DBX Driverack 260 (FOH Processor) - Main EQ, crossover, etc.
6. DBX 1231 Monitor EQ
7. Compressor/Limiter: DBX 266XL (4 channels)
